

LET'S CREATE HOLZMINDEN'S FUTURE TOGETHER!

Holzminden is our home. It is a city built on community, innovation and opportunity. Together, we can make it an even better place to live for everyone.

The SPD stands for a city where economic success goes hand in hand with social justice, where education creates opportunities, and where no one is left behind. We believe that everyone deserves access to high-quality healthcare close to home, affordable housing, excellent education and reliable public services.

We want to:

- ♥ **strengthen local healthcare and secure medical services for the future;**
- ♥ **invest in modern schools, preschool education and support higher education;**
- ♥ **strengthen local communities in all Holzminden districts;**
- ♥ **create a clean, safe and vibrant town centre;**
- ♥ **protect and revitalise green spaces in the centre of Holzminden and thereby improve our quality of life;**
- ♥ **improve public transport and develop our Holzminden railway station into a modern mobility hub;**
- ♥ **consider the involvement of children and young people as an important part of our city's development;**
- ♥ **provide modern equipment for the local fire service and relief organisations and, more broadly, enhance the recognition and empowerment of volunteers;**
- ♥ **support the development of affordable and sustainable housing.**

We believe that the future of Holzminden belongs to everyone who lives here. That is why we value dialogue, transparency and participation. We listen, we work together and we take responsibility. Together, we can build a city that is welcoming, sustainable and full of opportunity for current and future generations.

**For a stronger community. For equal opportunities. For a better future.
Together, we shape the future of Holzminden.**
